PROFESSIONAL SUMMARY

Legal, Compliance and Data Privacy Professional with 3+ years of experience supporting global business operations within Eurofins Scientific Group. Experienced in drafting, reviewing and negotiating commercial, technology and data-driven agreements including CDAs, MSAs, SOWs, vendor agreements, consultancy agreements, IT services agreements and data processing agreements. Strong exposure to Data Privacy, Data Protection, DPDP Act 2023, GDPR & CIPP compliance, contract lifecycle management, privacy governance, policy development, compliance monitoring and risk mitigation. Skilled in advising cross-functional stakeholders on contractual, regulatory, privacy and commercial matters while managing legal, operational and compliance risks across domestic and international engagements. Seeking opportunities in Commercial Contracts, Technology Transactions, Data Privacy and Compliance.

CORE COMPETENCIES

Commercial Contract Drafting & Negotiation

Contract Lifecycle Management (CLM)

Technology & SaaS Agreements

Data Processing Agreements (DPA)

DPDP Act 2023, GDPR & CIPP Compliance

Privacy Governance & Risk Assessment

Regulatory Compliance & Corporate Governance

Vendor & Procurement Contracts

WORK EXPERIENCE

Eurofins Advinus India (Eurofins Scientific Group)

December 2024 - Present

Senior Associate - Legal & Company Secretarial

Bengaluru, India

- Draft, review, and negotiate a wide range of commercial agreements - CDAs, MSAs, Consultancy Agreements, SOWs, Inter-Company Agreements, SaaS Agreements and Vendor Agreements - with counterparties across India, Europe, US and APAC, ensuring compliance with applicable Indian law and regulatory frameworks
- Review contractual obligations involving personal data processing to ensure compliance with DPDP Act 2023, confidentiality obligations and privacy requirements; support privacy governance initiatives through review of privacy-related contractual provisions, data sharing arrangements and cross-border data transfer clauses
- Advise business stakeholders on legal, commercial, privacy and compliance risks associated with customer, vendor and technology contracts
- Collaborate with business, procurement, HR and operational teams to address compliance requirements, contractual risks and stakeholder concerns; participate in policy review, compliance assessments and internal audit support activities
- Conduct awareness initiatives and provide guidance on contractual obligations, confidentiality commitments, data protection requirements and corporate compliance standards
- Review information security, intellectual property ownership, limitation of liability, indemnity and data protection provisions during contract negotiations
- Manage end-to-end contract lifecycle on enterprise CMS: intake, drafting, redlining, execution, version control, and renewal tracking - materially reducing missed-renewal exposure across the portfolio
- Conduct detailed contractual risk analysis; identify non-standard clauses, assess legal exposure, and recommend risk mitigants to senior business and finance stakeholders
- Provide real-time legal advisory to business development, procurement, and operations teams on contract obligations, liabilities, regulatory requirements, and dispute escalation paths
- Issue legal and demand notices for payment recovery; coordinate with external counsel on litigation matters including case documentation and evidence compilation
- Ensure compliance with Companies Act 2013 obligations: board resolutions, statutory filings (MCA/ROC), annual compliance, and entity governance across Eurofins India entities

- Administer POSH (Internal Committee) programme - confidential record-keeping, case coordination, and periodic employee awareness initiatives in compliance with the POSH Act 2013

DNM & Associates

October 2023 - November 2024

Senior Associate - Litigation & Corporate Transactions

Bengaluru, India

- Independently managed civil, commercial, consumer, and family dispute matters before multiple judicial forums including the Karnataka High Court - building strong dispute-risk assessment and escalation judgement directly applicable to in-house roles
- Drafted legal pleadings (plaints, written statements, affidavits, applications, legal notices) and compiled written submissions and precedent research for Senior Advocate's arguments in complex matters
- Drafted and negotiated commercial agreements including MOUs, lease agreements, and property transaction documents (Sale Deeds, Lease Deeds, Conveyance Deeds)
- Advised clients on litigation strategy, settlement risk, and contractual compliance; coordinated with court officials, registration authorities, and opposing counsel

Infosys Ltd. - Integrity & Compliance Team

March 2023 - April 2023

Corporate Law Trainee

Bengaluru, India

- Completed a structured corporate law training engagement with Infosys's Integrity & Compliance team, gaining exposure to compliance governance frameworks, internal policy structures, and corporate legal operations within a large-scale IT MNC environment
- Reviewed internal compliance documentation, understood contract management workflows, and observed cross-functional legal advisory processes applicable to technology services organisations

EDUCATION & BAR ENROLMENT

BBA LLB - Bachelor of Business Administration & Law (Hons.) REVA University

June 2023

Bengaluru, India

Dissertation: "Conflict between Patent Law and Competition Law" | Moot Court participant. Publications: "Abolishment of Death Penalty" (Co-authored), "Religion and the Law", "Conflict between Patent Law and Competition Law"
